Pakistan Day sports event organised

By our correspondent

KARACHI: IoBM's students Society for Welfare and Trust (SWAT) recently organised Pakistan Day's sports event to reach out to less-privileged children. The sports day comprised races in which more than 200 students belonging to government schools around the Ibrahim Hyderi area competed.

The event concluded with a prize distribution ceremony in which every participating student was given a medal.

Trophies were awarded to top three positions in races and a special award was presented to the most jubilant team of the day.
